

6.2.1 The Institutional Strategic/perspective plan is effectively deployed

Activity Successfully Implemented Based on the Perspective Plan:

As per the Perspective plan prepared in 2022, the college has decided to promote the research culture among students and staff. IQAC has emphasized on the need of interdisciplinary research that has opened the doors to many fields. Keeping in view, Department of Physical education decided to organize an International Level Conference on Yoga at foreign country with collaboration with other institution. For development in multidisciplinary research we start research Centre in Commerce, Economics and Marathi subjects students with the respective subject admitted in research Centre. We start two ICT room enabled with the projector and laptop, the teachers of the college effectively use new technique in teaching and learning method.

- . Also, the college has well defined perspective plans for development. The plan covers a variety of subjects that are required for the institution to function effectively, such as teaching, learning, research, student academic development, and infrastructure development. The college takes appropriate action to carry out these plans in an effective manner. In order to develop social values in students, the college encourages them in various kinds of social activities. The college administration provides financial support for laboratory equipment purchases as needed and contributes to the growth of the college's infrastructure.
