Introduction:
Yoga is an ancient physical, mental and spiritual practice that originated in India. The word 'yoga' derives from Sanskrit and means to join or to unite, symbolizing the union of body and consciousness. Today, more than ever the world needs to be in harmony and peace not just with the outer environment but also internally for a wholesome well-being of body, mind and soul. Hence experts from diverse communities representing physical education, elite sports, sport for all, management, social sciences, Medical Sciences and Neuro engineering are invited to discuss dimensions of Yogic Sciences and its applicability via research papers and symposiums at the international conference in the divinely scenic 'Pearl Nation'.
